# INTRODUCTION

---

**Low Express Rates on Plants.** I am shipping by express lines to all parts of the country, goods packed in crated boxes, at reduction of 20 per cent from regular rates of merchandise. I always ship this way, unless otherwise instructed, especially in cold weather.

**Terms of Business.** Cash with order, please. Excepting parties with whom I have done business on credit before and transactions have been satisfactory, **my terms are 30 days.** Unknown correspondents wishing to open an account will please furnish reference to parties in trade with whom they have had credit relations.

**Remittances** should be made by **Post Office Money Orders, Drafts on New York banks or Bank of L. I. (College Point Branch), or Express Money Orders.** Where it is not possible to obtain these, the letter should be registered.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance. All goods are offered subject to being unsold on receipt of order, and I reserve the right to advance price without notice.

**Charge is made for boxes, packing at actual cost.** Include, when remitting, 50 cents for packing for orders amounting up to \$10.00; up to \$20.00 include \$1.00, and so on.

**Non-Warranty.** Although I continue to take all possible pains to supply only the best, I cannot give a warrant as to the productiveness or crop of the plants sent. Every order received for articles named in this Catalogue will be executed on these conditions only. We will substitute, when varieties are sold out, by others equally as good, if not instructed otherwise.

**An Invitation.** I cordially invite you to visit my greenhouses and nurseries at College Point. My place lies across from L. I. R. R. depot, North Side Division. Or by Trolley starting alongside Long Island R. R. Depot, Long Island City. Fare 5 cents, no transferring. Get off at 4th Avenue and 13th Street and walk East 6 blocks to 19th Street up 4th Avenue. It can be reached from 34th Street Ferry, New York side, in 30 minutes. My reputation in plant growing is made, and for reference see any of the leading store-keepers in New York City. We count among our customers the most important store-keepers in all large cities. Our plants are naturally grown and not forced, and of a fine dark green foliage.

Hoping to receive part of your esteemed orders, and assuring you of the best of service, I remain, respectfully,

ANTON SCHULTHEIS

Member of N. Y. & N. J. Association of Plant Growers
